Baby take your teeth out

Try it one time

Baby take your teeth out

Try it one time

Leave 'em on the kitchen table

Baby take your teeth out

It'll be fine

Baby take your teeth out

It'll be fine

There ain't nothin' left to smile about

Baby take your teeth out

You look divine

Baby take your teeth out

You look divine

Go ahead and eat the label

Baby take your teeth out

I will recline

Baby take your teeth out

I will recline

There ain't nothin' left to talk about
