It was September, the leaves were gold
That's when our hearts knew that story untold
We were young lovers, strolling near
The fountain of love, fountain of love
Do you remember, I held you so near
Our love's glowing ember so precious and dear
We were young lovers, strolling near
The fountain of love, the fountain of love
Fountain of love, fountain of love
We made a wish and threw in a coin
And since that day our hearts have been joined
So all you young lovers, wherever you are
The fountain of love is not very far
We'll go on dreaming of that golden day
And remember the fountain is not far away
We were young lovers strolling near
The fountain of love, fountain of love
Fountain of love, fountain of love
(spoken)
We made a wish and threw in a coin
And since that day, our hearts have been joined

So all you young lovers wherever you are

The fountain of love is not very far
