On the Plane of the Baritone Women

They talk low

'Bout stuff they know,

They sing "Oooh!"

And laugh at you

Ah-ha-ha-ha-hah!

If you can't

IF YOU CAN'T

Do it too

DO IT TOO

Ah-ha-ha-ha-hah!

They sing "Li-li-li-li!"

They sing "Lo-lo-lo-lo!"

The man carry purses

Wherever they go

Junior executives.

All in a row,

Watch the Baritone Women

Do the Baritone show

Ah-ha-ha-ha-hah!

They sing about wheat;

They sing about corn;

They sing about places

Where women was born

They sing about hate!

They sing about fear!

It seems like they all got

A pretty good ear

Ah-ha-ha-ha-hah!

They sing it in harmony

Not often heard

With a big ol' cadenza

On every long word

They keep it as low

As they possibly can,

And sometimes they walk  
Like an E-GYP-TIAN  
Ah-ha-ha-ha-hah!

They do choreography  
Still more unique!  
They leave their legs open  
Whenever they speak!

They roll their eyes upward.  
And over again,  
And slam their legs closed  
When they sing about mmen!

Those Baritone Women!  
They are not your friend!  
You will make a mistake  
If you go there again
