Yes indeed  
Here we are

At St. Alphonzo's Pancake Breakfast  
Where I stole the margarine  
And wheedled on the Bingo cards  
And blew up the latrine

I saw a handsome parish lady  
Make her entrance like a queen  
While she was totally in chenille  
And her old man was a Marine

As she abused the sausage pattie  
And said, "Why don't you treat me mean?"  
At St. Alphonzo's Pancake Breakfast  
Where I stole the margarine
