The closer you are
The brighter the stars in the sky
And darling,
I realize
That you're the one in my life
Oh oh
My heart skips a beat
Every time
You and I meet
My life, my love, my dear
I can't defeat
This yearning deep in my heart
To have only you
When I first saw you,
I did adore you,
And all your loving ways
But then you went away,
But now you're back to stay,
And my love for you grows stronger every
Day-ahhh Way-ahhh Way
The closer you are,
The brighter the flames in my heart,
And darling,
We'll never part
We'll always be in love
