OH NO

Oh no I don't believe it
You say you think that you know the meaning of love

You say love is all we need
You say with your love you could change
All of the fools
All of the hate
I think you're probably out to lunch

Oh no I don't believe it
You say that you think you know the meaning of love
Do you really think it can be told

You say that you really know
I think you should check it again
How can you say what you believe
Will be the key to the world of love

All your love, will it save me
All you're love, will it save the world
From we can't understand
Oh no I don't believe it

And in your dreams you can see yourself
As a prophet saving the world
The words from from your lips
I just can't believe you are such
A fool
