Visit "[Goes Down Easy](#)" on MotoLyrics.com

It's so much easier to walk away if i wash it down  
It's so much easier to look away if I think I look proud  
It's so much easier, I like it easier, I'll take it easier  
I'll take another round

It's so much easier to let the days go dazed and  
mellow  
It's so much easier to let the smoke go, let it go slow  
It's so much easier, I guess it's easier  
Sometimes I'm not sure, but sure, why not?  
Another round

It's so much easier to just admit that I forget  
And sometimes it's easier to let my mind slip  
Hazed and backlit  
Sometimes it's easier, too bad it's easier, kills me  
easier  
Take me home, it's my last round
