Distractions all around me
Problems I must face
Troublesome things surround me
So I must strive to win the race

I must learn, through practice, to be all
The good things I can be
All I need is turbo
To ensure my victory

So I'm shifting, into turbo gear
there's nothing that can stop me
For I have no fear
The pedal's to the metal
And I know I'll persevere
As soon as I shift into turbo gear

The fog is getting thicker
And I'm running low on gas
Need energy to concentrate
So I do not crash

Life's a dark and winding tunnel
At end my goals will be
All I need is a turbo charge
Of light so I can see

So I'm shifting, into turbo gear
there's nothing that can stop me
For I have no fear
The pedal's to the metal
And I know I'll persevere
As soon as I shift into turbo gear

I'm shifting, into turbo gear
There's nothing that can stop me
For I have no fear
The pedal's to the metal
And I know I'll persevere
As soon as I shift into turbo gear

I'm shifting, into turbo gear
There's nothing that can stop me
If steadily I steer
The pedal's to the metal
And with a little help from my peers
Together we'll shift into turbo
Together we'll shift into turbo
Together we'll shift into turbo gear
