Ille dies fastus /fastus est per lege

Per quem lege lice / licebit agi

Studia nostra nostrae / nostrae naturae re

Regula metiamur / naturae regula

Cruor signaverat /signaverat herbam

Innocentium cruor / domine domine

Propemodum saecul / saeculi res in un

Res in unum diem / fortuna cumulat

Quis tam animo agresti fuit ut non commoveretur?

Tu te dictis praeberere me / dictis praeberere memento

Luna solis lumine collustratur

Mors morte pianda est

Soon the dew of morning filled all the silent wood

And when the sunbeams kissed his face

He opened his so lucky eyes in front of him the oak

The whispers of the river the freshness of the dawn

Oh, my god, where was I ... A land where my dreams
rule

Where hopes of victory become reality for every man

That hardly raised the steel

The fight for peace of reign is so won once again

Warriors, battles, swords of steel and magic, tragic destinies

Glory, pride and honor for my will for justice everywhere

I can't believe what I have seen there in that fantasy world of mystery

Many warriors and kings, golden swords of steel all united for victory

I speak to you for the last time before we ride to the sun

I could survive in your proud heart 'cause you are now one of us!

WE ARE THE KINGS OF THE NORDIC TWILIGHT

WE ARE THE LORDS OF ICE AND SNOW

FOR THE GLORY WE WILL FIGHT

FOR THE PEACE WE'LL RIDE

FOR THE SKIES WE'LL REIGN TOGETHER

He felt on his knees having heard the holy words

And moved by the honor so... "oh, no lord too much for me

I still cannot believe, the chance you gave to me is so great...

I am a blessed man!"

Convinced of all the power of what true love can do

And while the whispers of the brave began to fade

He understood life wouldn't be the same,

With all emotions of today he would have found his way

Warriors, battles, swords of steel and magic, tragic destinies

Glory, pride and honor for my will for justice everywhere

I can't believe what I have seen there in that fantasy
world of mystery

Many warriors and kings, golden swords of steel all
united for victory

And at last also I know truly what love can do

So try to live at your best and ride from the sun to the
moon

WE ARE THE KINGS OF THE NORDIC TWILIGHT

WE ARE THE LORDS OF ICE AND SNOW

FOR THE GLORY WE WILL FIGHT

FOR THE PEACE WEÂ´LL RIDE

FOR THE SKIES WEÂ´LL REIGN TOGETHER

"...And finally the silent woods of Valdaran greet the
fierce battalion.

Victory rides in the heart of all nature... and light and
shadows play all

over the land

Before the lord of twilight gives the knights a deserved
rest..."

But not too long, my friends, because evil is riding now

Along the border between earth and hell...

May now your kingdom prevail!

I speak to you for the last time before we ride to the
sun

I could survive in your proud heart 'cause you are now
one of us!

And at last also I know truly what love can do

So try to live at your best and ride from the sun to the
moon

WE ARE THE KINGS OF THE NORDIC TWILIGHT

WE ARE THE LORDS OF ICE AND SNOW
FOR THE GLORY WE WILL FIGHT
FOR THE PEACE WEÂ´LL RIDE
FOR THE SKIES WEÂ´LL REIGN TOGETHER

Cruor signaverat / signaverat herbam
Innocentium cruor / domine domine
Propemodum saecul / saeculi res in un
Res in unum diem / fortuna cumulat
Quis tam animo agresti fuit ut non commoveretur?
Domine, domine
Gloria perpetua
Raise high your steel friends, because evil is riding
now
Along the border between earth and hell...
May now your kingdom prevail
