Sky became darker when the news there came

His cruel father was coming too fast

Leaving behind him cancer and sorrow

So satisfying his thirst for vengeance

It's time to call the wisdom of the wind

The whisper of the shadows

The sword and the shield the power of the steel

To win the mask of hell

FACE THE KING, RIDE THE WIND

FOR THE LEGEND OF STEEL

LEAVE DARK HELL BEHIND YOU FOREVER

FACE THE KING, RIDE THE WIND

FOR THE LEGEND OF STEEL

BREAK THE CHAINS OF THE PAST FOREVER

FACE THE KING

And so the day came... son against father

Clash of their weapons at the crash of thunder

Hard was the fight in that unholy night

So red the ice was never

The sword and the shield the power of the steel

To win the mask of hell

FACE THE KING, RIDE THE WIND
FOR THE LEGEND OF STEEL
LEAVE DARK HELL BEHIND YOU FOREVER
FACE THE KING, RIDE THE WIND
FOR THE LEGEND OF STEEL
BREAK THE CHAINS OF THE PAST FOREVER
FACE THE KING
"Oh beholder, what did you do?
May the lord forgive your action..."
The black raven is now flying
While the brave one's slowly dying...
But he swears with last breath: "I'll be back
To take you to dark Alkar, the kingdom of pain!"
FACE THE KING, RIDE THE WIND
FOR THE LEGEND OF STEEL
LEAVE DARK HELL BEHIND YOU FOREVER
FACE THE KING, RIDE THE WIND
FOR THE LEGEND OF STEEL
BREAK THE CHAINS OF THE PAST FOREVER
FACE THE KING
