There between the eight suns

right before the system Hazor

shines the silent planet

Alkor Zephyr is its name

Surface made of magma

of wide oceans and volcanos

middle dusty regions where

no trace of life is found

From the space an ancient secret

soon will mark this old world

In the southern region

live the people of Iraklia

descendants of peaceful

ancient dynasty of Lor

Between these a warrior

destined to become the victim

victim of a prophecy

now lost between the stars

He will be the astral rider

prophecy's new fighter

FROM THE DUST

OF A TIME NOW FORGOTTEN
IT WILL COME THE DESTROYER OF WORLDS
AS THE LEGEND OF THE ANCIENTS
REVEALED WITH ITS WORDS
IT WILL COME FROM THE BLOODY DIMENSION
WHERE DEATH IS A PRESENT FROM GOD
HE'LL FACE THE SACRIFICED ONE
THE RIDER WHO OWNS...
WHO OWNS THE ASTRAL FIRE!

Arkan is the name of thunder
prophecy's new fighter

FROM THE DUST
OF A TIME NOW FORGOTTEN
IT WILL COME THE DESTROYER OF WORLDS
AS THE LEGEND OF THE ANCIENTS
REVEALED WITH ITS WORDS
IT WILL COME FROM THE BLOODY DIMENSION
WHERE DEATH IS A PRESENT FROM GOD
HE'LL FACE THE SACRIFICED ONE
THE RIDER WHO OWNS...
WHO OWNS THE ASTRAL FIRE!
