Johnny is a chemist's son
But Johnny is no more
What Johnny thought was H2O
Was H2SO4.
Water cleans the system
Acid eats the flesh
Squirm yourself much deeper
Into the pit of selfishness
The burn of death is what you crave
I'll gladly bow and be your slave
To serve you all the days I live
My chemical god to you I give.
Acid head walk like the dead
Acid head life in the red
Pacify your emptiness
It becomes more, you become less
All the platitudes you need
Planted by the demon seed
Hurting only me not you
To those around, it isn't true
The life you wreck is not your own

He grieves upon His holy throne.

Acid head - walk like the dead

Acid head - life in the red

Acid head

Acid head - walk like the dead

Walk like the dead

Life in the red

Walk like the dead

Close the book, it's time to die

Don't get up, don't even try

Think about your soul instead

Where will you be when you're dead.

Johnny is a chemist's son

But Johnny is no more

What Johnny thought was H₂O

Was H₂SO₄.

Acid head - walk like the dead

Acid head - life in the red

Acid head - walk like the dead

Acid head - life in the red

Title: Let love be your energy

Out of a million seeds

Only the strongest one breathes

You made a miricale mother
I'll make a man out of me
Daddy where's the sun gone from the sky?
What did we do wrong, why did it die?
And all the grown ups say "sorry kids we got no reply"
If you're willing to change the world
Let love be your energy
I've got more than I need
When your love shines down on me
Every tear that you cry
Will be replaced when you die
Why don't you love your brother?
Are you out of your mind?
Daddy where's the sun gone from the sky?
What did we do wrong why did it die?
And if you've got no love for me then i'll say goodbye
If you're willing to change the world
Let love be your energy
I've got more than I need
When your love shines down on me
If you're willing to change the world
Let love be your energy
I can't contain how I fell
When your love shines down on me
Well if you want it come and make a stance
So when it's in your hands

People show me love

Well if you want it come and make a stance

So when it's in your hands

People show me love

If you're willing to change the world

Let love be your energy

I've got more than I need

When your love shines down on me

If you're willing to change the world

Let love be your energy

I can't contain how I fell

When your love shines down on me
