The Turtles - Sound Asleep

=====

Ba da da da da da da
Daytime dreamin', gettin' involved only halfway deeo
Nighttime schemin', seemin' to be like I'm sound
asleep

CHORUS:

Sound asleep, spendin' my time on a dream that I'm
about to see come
Sound asleep, keepin' my mind on you
Children singing, something for all little yous & mes
Winter springing, summer or fall
Drifting away day by day, farther away (far away)
The better I feel
Ba da da da da da da
Ba da da da da da da, da da da da

(chorus)

(horns & scat singing, fading out)
