Somebody tell me is this life
Sombody tell me is this war
Please come and tell me what the hell is goin' on here
I've had all that I can take
Now something's gotta give or something's gonna
break

I'm tired of getting shot down
Every single time
Every day it's live or die on the battle line

Push and pull, life's a tug of war
In the end nobody wins
Is it really worth fighting for
Push and pull, life's a tug of war
I'm on the ropes
And I don't know if I can take it anymore

I'm always walking on the wire
Always fighting in the fire
I run for cover but there's nowhere I can turn to

Nothing seems to set my mind in ease
The night's so long for me
Doing time trying not to lose my mind

Every day I feel the knives turning in my side
I'm wounded but i'm movin on
Just trying to stay alive

Push and pull, life's a tug of war
In the end nobody wins
Is it really worth fighting for
Push and pull, life's a tug of war
I'm on the ropes
And I don't know if I can take it anymore

I'm tired of getting shot down
Every single time
Every day it's live or die on the battle line

Push and pull, life's a tug of war
In the end nobody wins
Is it really worth fighting for
Push and pull, life's a tug of war
I'm on the ropes
And I don't know if I can take it anymore

Push and pull, life's a tug of war
In the end nobody wins
Is it really worth fighting for
Push and pull, life's a tug of war
I'm on the ropes
And I don't know if I can take it anymore.
