[Busta Rhymes]

What I'm gon' do with Erykah Badu, I'm gonna have
some fun

What do you consider fun? Fun, natural fun

[Erykah Badu]

I said what I'm gon' do with my man Busta Rhymes, I'm
gonna have some fun

What do you consider fun? Fun, natural fun

[Busta speaks, while Erykah sings'n'scats]

Uh-huh, uh-huh, uh-huh uh-huh

Busta Rhymes, Erykah Badu y'all, just one

One love everybody just one

[Busta Rhymes]

Well as I universally great the whole entire world
And focus on the energy that'll make your skin curl

The one strategy, the one universal plan

The master blueprint, one survival for all man

I Self Lord - AM, so divine

When me and my woman coincide as one mind; bear
witness

One respect, one culture, one way of thinkin

One vision, makin the one decision on one WAY of livin!

Common destiny amongst all

One understanding amongst me and my woman, so
that we can't fall

And keep movin forward based on actual fact

Yes y'all, my beautiful Mother Earth, respect her to the
max

Can't mix dilute or tamper with us no more

We on the highest form of emotion, holy sacred and
pure

And what's mines is yours, especially if we move
in the same direction just for ONE common cause

[Chorus: Busta Rhymes]

Just one - opportunity to handle our biz

Just one - mindstate so we can equally live

Just one - you know we only have one life to live

Just one - come together as one

[Erykah Badu]

As one - one family

As one - one little kiss now

As one - one entirety

As one - and let us all uplift now (talk to me baby)

I value (uh-huh uh huh) that I've found me (what what)

I gave you tea (that's right girl) you shed degree (oh yes love)

A family (one family baby) is what we be (uh-huh, uh-huh yea)

So that you'll see.. (right) .. c'mon

[Busta Rhymes]

Aiyyo, aiyyo

I know my woman's love for me, the way she cherish me

Fulfil my every appetite for the God Degree

Always inspire my encouragement, the right amount of nourishment

Secure enough so I don't have to ask her where my lovin went

When times is hopeless, sometimes I had to focus on the priceless moments, when my Wisdom Body wouldn't notice

Cause you're my everything, what's mine's'll be yours

Movin in the same direction just for one common cause

[Chorus]

[Erykah Badu]

As one - one family

As one - one little kiss now

As one - one entirety

As one - so let us all uplift now

As my sunlight, I bear witness to you

Bein the foundation, you can come home and watch the babies too

(The one way we agree on how to follow tradition)

This one family come in thirds, play your position

You make the sacrifices, I make the same too

(From all the struggle) that I see, that's why my love is for you

[Busta Rhymes]

You always hold it down for me, so I'ma hold it for you

And watch the babies while you secure the food to come through

[Erykah Badu]

Now don't let my ambition make you feel like
competition

We should both play a role in our whole livin condition
(true indeed)

I know you symbolize the strength inside the family
Then show me you can handle womanly responsibilities

[Busta Rhymes]

Not a problem I know you hold me down when I fall on
the ground

But make sure when you bring the food home there's
enough to go 'round

And because you are my everything what's mine is
yours

Movin in the same direction, just for one common
cause

[Chorus]

[Erykah Badu: repeat 2X]

As one - one family

As one - one little kiss now

As one - one entirety

As one - so let us all uplift now

{*Erykah scats'n'sings to fade*}
