my fate is now complete
i pray the lord my soul to keep
she's crying in her sleep
in her dreams she hears the sound of marching feet
i'm lying in my bed
thinking of the things i should've said
the truth came out all wrong
words are weak as breath
the chains of consequence are strong
(chorus)
tell them that we all fall down
down until our feet touch ground
tell them that i love them so
promise me you'll let them know
the door slams in my face
love's gone without a trace
the writing's on the wall
tells the story of it all
my god, where are you now?
my god where are you now?
(repeat chorus)

jenny labow sings during the last chorus

you thought your life was your own to do what you
would

how could you do this to us?

did you remember us waiting there ,unaware?

how did you think this would end?

my god, where are you now
