penelope, i guanantee  
you've never seen a thing like this  
gravity has taken leave from my bedroom  
you must come...you must come and see me  
i'm bouncing high above my bed  
and all the spiders outside  
penelope, you must believe  
the sun will always shine on me  
and i will wear this golden hat for  
no one else  
you must come... you must come and see me  
the sun will blind us and we'll fall about  
together, my dear  
penelope, you must agree  
i've spilt like milk inside your head  
and you must be very glad i've called again  
you must come... you must come and see me  
i'll chant your name until you're stepping  
off the bus here today  
until you're climbing up the steps  
to my room

i'll be waiting on the edge of the ledge

i'll chant your name until i see you again
