Mix Mix Stop Down Move Around  
Mix Mix Stop Down Move Around

Rollin', step out the bathroom stall  
We got pharmaceuticals and alcohol  
Watch the smoke and the lights bouncing off the wall  
In a disco hall  
Disco ball

'Cause the devil may care  
But, I'm not the devil so there  
Middle finger up in the air  
To the people that judge us by what we wear  
And stare  
Like we care

We come to play  
We come to play  
Spin the 4U yo hey DJ  
We come to play  
We come to play  
Kids of the U to the S to the A

Mix Mix Stop Down Move Around  
Mix Mix Stop Down Move Around  
A sensation, aviation, deviation, E-generation  
Mix Mix Stop Down Move Around  
Mix Mix Stop Down Move Around  
A sensation, aviation, deviation, E-generation

Midnight, time to head out like a fetus  
Call up the crew and tell 'em where to meet us  
To another club cause that's where the weed is  
Papa Smurf got us on the E-list  
So we jumped in the ride (ride)  
Navigator Chrome on the side  
Yo Man, you good to drive?  
He said "I don't think it's wrong"  
So we all went along  
So we all went along  
'Cause God may care

But I never met God anywhere  
Middle finger up in the air  
To the people that judge us by the color of our hair  
And stare  
Like we care

We come to play  
We come to play  
Spin the 4U yo hey DJ  
We come to play  
We come to play  
Kids of the U to the S to the A
