chorus:

I feel just like a sparrow, flying through the trees,
you think that they are care-free, but something's
underneath,
peace and love and happiness, is what they show
outside,
but when you get up closer, there's something there to
hide.

sparrow, flying from the window, all alone just like me,
fly away, from all this pain
and grudge. {all the grudge}
sparrow falling from the sky,
it's the best thing that happened in your life!

chorus

goodbye my friend, you are now dead,
with a decomposing little head!

chourus

something's underneath....
