So close my heart I feel you now
I feel myself is going down
I want someone and I want to know
I need your heart just for tonight
I see your face, yeah-yeah, yeah-yeah, oh-oh
I feel your touch but you are not here

Wakin' up, I don't know
And my dream that move your soul
Wakin' up, let me down
Cause I want your body now Yeah-yeah.
Wakin' up, oh yeah

My tears falls down and my soul is dark
I want you dancing in my heart
I want someone and I want to know
I need your soul just for tonight
I see your face, yeah-yeah, yeah-yeah, oh-oh
I feel your touch but you are not here
