It's a lonely old, lonely old, lonely old night  
It's a lonely old time  
With you on my mind  
If I could make it through the sad times  
I'm sure I'll be fine  
Those lonely old, lonely old nights

You say I should think it over  
It's just a matter of pride  
But you don't know the way that I feel  
And you sure ain't around when I cry

You say it was bound to happen boy  
The whole thing started so fast  
Now you're back in your world smiling  
And I'm stuck in the past  
With those lonely old, lonely old  
Lonely old, lonely old nights

You say you, you'll be fine  
Girl I know you will  
You now I'll, make it through  
But it'll take some time, take some time  
For those lonely old, lonely old  
Lonely old, lonely old nights

You say you, you'll be fine  
Girl I know you will  
You now I'll, make it through  
But it'll take some time, take some time

You say I should think it over  
You know you're probably right  
Yeah, I thought it over girl  
And I can see how you was so right

But those lonely old, lonely old, lonely old nights  
Those lonely old times  
With you on my mind  
If I could make it through the sad times  
I'm sure I'll be find

Oh those lonely old, lonely old nights  
Damn those lonely old lonely, old nights  
Damn those lonely old lonely, old nights
