Ooh, I've got a baby she's so dog gone sweet  
I love to slip inside her, ooh caress her seat  
Slip behind the wheel, ooh what a thrill  
I've gotta baby made of two tons of steel

Finest lookin' car to ever roll across the land  
If you saw my baby lord you know you'd understand  
Slip behind the wheel, ooh what a thrill  
I've gotta baby made of two tons of steel

I love my baby she's my joy and pride  
She low she's wide, ooh that's a cadillac ride  
Slip behind the wheel, ooh what a thrill  
I've gotta baby made of two tons of steel

Two tons, two tons of steel  
Two tons, two tons of steel  
Slip behind the wheel, ooh what a thrill  
I've gotta baby made of two tons of steel  
Yeah
