I've got a little secret
I hope you'll understand me
Just a little secret
I'll be as quick as I can be

I feel like I've been talking to a wall
And no-one's there to comfort me at all
When I've found out
You signed the line
That's for me to reconcile

I wish I could be pretty like my friends
They all got perfect faces
I wish I could be pretty like my friends
All in silk and laces

I spoke to Mr Clement
He said, "I'll do what I can do"
After he had finished
He laughed, " There's nothing I can do

'Til I've found out
You signed the line
That's for me to reconcile

I wish I could be pretty like my friends
They all got perfect faces
I wish I could be pretty like my friends
All in silk and laces
