With A turn-around
If you wanna dance on the ceiling
If you wanna shake your money-maker now
If you wanna leave through the back door
Feeling fine but just can't take it anymore

If you wanna leave I'm in downtown
If you don't like sleaze I'm in downtown
Tell me what you need I'm in downtown
And everything will be ok hey hey!!!

If you wanna breathe in the background
If you wanna wait and see what's going down
If you wanna soak in the sunshine
Call a cab and come and see me anytime

If you wanna leave I'm in downtown
If you don't like sleaze I'm in downtown
Tell me what you need I'm in downtown
And everything will be ok hey hey!!!

If you wanna go crazy
If you're dying to please
If you're low down and dirrrrty
Then come and get some of me!

If you wanna leave I'm in downtown
If you don't like sleaze I'm in downtown
Tell me what you need I'm in downtown
And everything will be ok

If you wanna leave I'm in downtown
If you don't like sleaze I'm in downtown
Tell me what you need I'm in downtown
And everything will be ok hey hey!!!

Hey hey!!! (A—3)
