Hey (yeah) I wanna see you work it baby
I want you to be my lady
I love the way you move your body, ooooh you drive me
crazy..

I'm a do it real good if you know how I felt
we could take it downstairs, I can lower the belt
whateva you want I got it, I'm hot baby ya want it
love solid for hours not even Austin Powers could top it

I'll groove better than u, slew better than me
cruise over yours and use the penny, prove that I'm
ready
prefer it with many but really I don't care
cause this chick so bling its getting' frosty in here..

(pre-chorus)

Me and the boys we'll b blazin' it up
so baby now take a ride in the back of the truck
if you wanna get drunk lemme know who you are..

(chorus)

Woooah, I love the way you work it
and if you let me, I'm gonna flip reverse it...

Woooah, I love the way you work it
and if you let me, I'm gonna flip reverse it...

I'm the kind of boy that like a lot of heat undercovers
sitting on sum cheddar, need to work you girl
I'm the type, more like to pick up the mic
and bless this crowd with my flows, while you stare and
grind
and I will bring my clic, cause that's how we roll
and I'll take these chicks and I'll take them home
I'm makin' sure none of us leave this place alone
I gotta get a honey and get her alone

(pre-chorus)

Me and the boys we'll b blazin' it up
so baby now take a ride in the back of the truck

if you wanna get drunk lemme know who you are..

(chorus)

Woooah, I love the way you work it, (Girl Friendddd)
and if you let me, I'm gonna flip reverse it..

Woooah, I love the way you work it, (I love the Way You
Work It Baby)
and if you let me, I'm gonna flip reverse it..

This girl don't know that she'll b dealin' with melo
I see you grindin' in the club cheeks soft like a pillow
make you hotter than an oven if ya gimme a second
cause I'm consistent, when it comes to pleasing girls
I'm a blessing..

Flip it, lick it, rip it, girls strip it, yo can you kick it, the
mic is the ticket
goes to sip it, yo freeky deeky shit, flick it, lick it good
and put it in the place is where you should and when I
take the nood
no-one gives you nothin', that's the way I could..

Hey (yeah) I wanna see you work it baby
I want you to be my lady
I love the way you move your body, ooooh you drive me
crazy..
