I never saw things going wrong  
It's turning out so complicated  
I'm missing her before too long  
This whole thing seems so overrated  
Quick like silver, bright like gold  
But she knows she looks better

When she glows  
I'm always second best  
And she knows  
My head is such a mess  
With all the secrets I've been told  
Yeah she glows

Now if she's gone I know I'd lose everything I ever  
wanted  
Has she been standing in my shoes  
Cos she knows I look better when she glows
