"Stand Up Stand Out"

Call me a dog.
Give me a bite.
Call me anytime that'ya want!
Mission with a mind!
Face enshrined!
A present for your presenceâ€¦.

Stalk like a cat.
Walk back to back.
Why smile,
When you can pout?

Taste in time.
It's so sublime!
A dollar for your collar.

Stand Up.
Stand Out.
Look Up!
Turn and face the music.

Eat out your heartâ€¦..
Shoot from the lip!
"Oh no!" The crimes of a lifetime.
Arms entwined.
Face enshrined.
A color for your lover.

Stalk like a cat.
Walk back to back.
Why smile-smile,
When you can pout?

Taste in time.
Its so-so sublime!
A dollar for your collar.

Stand Up.
Stand Out.
Look Up!
Turn and face the music.

Look on the line, locked up in brain cells
Storm and a hiccup
Head-strong and leg-long
White man,
Speaks before some punch in the face while makin' the
back-slap!

Look on the line, locked up in brain cells,
Storm and a hiccup.
Head-strong and leg-long.
White man,
Speaks before some baby, watching the face crack,
makin' the back-slap!

Stand Up.
Stand Out.
Look up!

Call me a dog.
Give me a bite.
Call me anytime that'ya want.

Mission with a mind.
Face enshrined.
A present for your presence!
Stalk like a cat.
Walk back to back.
Why smile-smile-smile,
When you can pout?
Taste in time.
Its so sublime!
A dollar for your collar.

Stand Up.
Stand Out.
Look Up!
Turn and face the music.
