I wanna get naked  
I wanna get stoned  
I think you've been achin'  
To get me home  
I think that we'll take things real easy and slow  
This bed is big enough for both of us

Well, I have been searching for something  
In the mouths of strangers  
Well, I have been looking for love  
In dark unholy places  
Well, under covers there is rarely  
More than senseless entertainment anyway  
And we have all left things behind us  
That we surely didn't mean to  
Well I have been tryin' my best to piece my way back  
home to you  
Well I know the love between us  
Is not as desperate as it always seems to be

I wanna get naked  
I wanna get stoned  
I think you've been achin'  
To get me home  
I think that we'll take things real easy and slow  
This night is big enough for both of us

The way I'm thinkin' 'bout it  
The future's church glass looks painted  
And yeah, I figure that decisions  
Are the rocks we throw to break it  
Well, I've been makin' a mosaic  
Out of pieces that we've left along the way  
And yeah, I'm thinking that true love is  
Little more than little saviors  
Strumming chords on their guitars and  
Dedicating songs to strangers  
Maybe next year when you're gone  
This song will find you  
And will save you for a while

I wanna get naked  
I wanna get stoned  
I think you've been achin'  
To get me home  
I think we'll take things real easy and slow  
This love is big enough for both of us
