I think I've lost my self
Some where in the pressure
I don't know where I stand today
Because under the pressure I faded away

Every day I wake up
Sad I lost myself
Don't know why I'm like this
Or who I am today

When it's halfway through the day
I don't know where I am
Who my friends are
Or where they went

I think I've lost my self
Some where in the pressure
I don't know where I stand today
Because under the pressure I faded away

I don't know where I'll be in 20 years
I don't know who I'll be
Don't know where my friends will be
I could be there and I won't know where
Ill be 20 years from now

I think I've lost my self
Some where in the pressure
I don't know where I stand today
Because under the pressure I faded away

Everyday before I go to bed I look at the day I just lived
Some people are there and others are gone
People vanish but some are to stay
But I think I've lost my self
