[Peter Gunz]

Ha, yeah, Peter Gunz

You know that cat with the Rolex

>From the BX pushin' the GS Lex, yes

Playas still call him Lex cuz he flea-X

Any borough in the Montero

Headed to Queens on the Triboro and see my shortie in  
the QB

Spend some QT with my cutie, do my duty on the booty  
And only you

See me up in the dark room, sexin' with Tyrese and the  
CD

[Tyrese]

You make me happy and I know that it's true

There's somethin' about the things you do

Takes all my cares away

Makes me sacrifice everything I want in life

[Stephanie]

You could never ever find another lover

Who would love like I do

(Like I do, you will never find another love)

And you would never ever need another

If you let me love you

(If you let me love you, oh yeah)

[Stephanie & Tyrese]

1 - Do you need what I need

Someone who's true

No time for denying what I feel for you

So let's keep it real

Like the way you make me feel

Don't make no mistakes, girl

I'll be there for you

[Tyrese]

I tried to stop my feelings

But I can't get enough

Girl, I crave for your love

Don't stop this fantasy

Let me know that you can be with me  
Please relieve this agony

[Stephanie]

You could never ever find another lover  
Who could love you like I do  
(Love me, you would never find another lover)  
And you would never ever need another  
(You)  
If you let me love you  
(If you let me love you, whoa)

Repeat 1

[Peter Gunz]

Yeah, oh, now you can find me on the red-eye to LA  
Posting on the cell-ay, tellin' my man Greg, find Kell-ay  
Meet me in the tell-ay  
Seems she got the hots for this kid out in Watts  
Known for bussin' shots, Tyrese, that's your man  
Tell that cat beat it, honey rolls with Peter  
His service no longer needed  
Ballin' with the playas on the West  
Got me trippin' in the Fox Hill Mall trickin'  
My dogs think I'm slippin'

Repeat 1

I'll be  
Oh  
Tyrese, what  
Stephanie Cooke  
Peter Gunz  
Uh, what we do  
uh, all day, ay'day  
Come on
