[Ronnie Spencer]

You know, you got hope  
Though, you make me dry  
A candy coated Cadillac, that's what I drive  
Rolling on 20's, screens falling from the back falling  
You may not have, that mansion  
Or that forty football rush, I know you want them  
You may not have, expensive jewelry  
Or that mink coat, it feels so fine  
But the one thang, I know you have  
That one thang, is hope I see you got hope

[Hook: Ronnie Spencer]

When a man's in the rough, help a brother up  
Give a little love, you can't get enough ooh-ooooh  
Never give up, when times get rough  
Cause living in the streets, man you gotta be tough  
ooh-ooooh

[Noke D]

See I'ma help a nigga out, that's the way I was raised  
From the old school days, see we done turned the  
page  
We ain't tripping no mo', cause see we all about the do'  
You see us whipping in the Bentley, or a six double O  
O Benz, me and my friends  
Always share the ball, even when it's fourth and ten  
I play the game to win, steady setting trends  
We pray together, we gon stay together like we was  
first to kin  
Man, it's going down  
Gotta make a change, see that's all that's on my mind  
Fuck being fine, gotta walk a straight line  
Time after time, I'ma keep my mind on the grind I ain't  
lying

[Tyte Eyez]

It was blood sweat and tears, I shed many for my peers  
It was rough in the ghetto, for my people where I lived  
I'm trying to get my family out the hood, I know that I  
will

A young nigga chasing dreams, show my skills to pay  
bills  
I keep my faith in God, he gon make it happen  
To get my brother that coupe my sister the Jag, my T  
that mansion  
And to my G's on the block, we bout to switch it legal  
I'm tried of seeing you boys, hustling in them hot ass  
Regals for real

[Ronnie Spencer]

Now that I, paid my dues  
Doors stay open, now it's choices to choose  
Help my brother, so that he helps me  
So when I stand tall, he stand next to me  
And if I ever fall, he catches me  
Together we gon ball, till I D-I-E  
And if I ever fall, he catches me  
Together we gon ball, till I D-I-E

[Hook - 2X]

(Ronnie Spencer)

Gotta hold on, to what you got yeah  
Oh I know you know I know, you gotta hold on  
Even when this world is tough baby, everybody  
I know yeah, you never-never-never-never  
Never-never give up, hold on-hold on  
Won't you hold on, hold on  
Won't you hold on, hold on yeah
