What is wrong with you lately,
I don't give a shit, an' frankly.
All I want is for you to, shut your fuck in', mouth.

I know I haven't been acting, normal
My best-friend's in some fuckin, trouble
And you're brea,kin', my world apart.

[CHORUS]

too messed up gotta leave
going to fast just gotta breathe
life's not fair, gotta bleed
too messed up gotta leave

Something's wrong with me tonight,
And if I try, I cant unwind,
For this shit has gone, on, too long.

It doesn't matter what you say
I'm fucked off, an' this the day,
I get even with you, and, the rest of them.

[CHORUS]

too messed up gotta leave
going to fast just gotta breathe
life's not fair, gotta bleed
too messed up gotta leave

For my time has now arrived,
And now yours is just a lie
Cos I'm goin' and there's nothing, you can do!

I am leaving, that's good bye,
I won't look back, and never cry
Cos the truth is that I never, did love you

[CHORUS]

too messed up gotta leave
going to fast just gotta breathe
life's not fair, gotta bleed

too messed up gotta leave

So I'm gone, so what's for you
Now I've gone what are you gonna do
This be the end,
It'll be the end,
Just for you.
