Picturesque and in distress inâ€¦!
Syria!
It's scarier.
Strong and broken - it's true.
Syria!
I'm serious.
I'm looking out for -
Ghostly horizons etched in -
Syria!
It's scarier.
The everlasting portion of the pie-stuck-in-the-sky-and
out to dry....

And the wheel goes onâ€¦!
With miles and miles from my gun.
Turn it up-up, turn it!
Turn it up-up, turn it up-up, turn it!
Far fetched and flungâ€¦!
With miles and miles from my gun.
Turn it up-up, turn it!
Turn it up-up, turn it up-up, turn it!

I got my own morale-a-mill.
From Syria.
Hysteria.
Oh, you ate the seed before the meal!
Stare, Slam, how dare they
YOU ate the words write out of my mouth! (Huh)
Syria.
The ever lasting portion of the pie-stuck-in-the-sky-
hung out to dry.

And the wheel goes onâ€¦!
With miles and miles from my gun.
Turn it up-up, turn it!
Turn it up-up, turn it up-up, turn it!
Star-struck and slungâ€¦!
With miles and miles from my gun.
Turn it up-up, turn it!
Turn it up-up, turn it up-up, turn it!

Bright-with-the-frighten-eyeline,
At Syria!
Hysteria!
Brown-with-a-doubt-in-his-mindâ€¦.
Syria.
It's scarierâ€¦
But what is he in for?
Ghostly horizons etched in,
Syria
It's Scarier!
The everlasting fortune that,
Syriaâ€¦.
It's scarier!

Turn it
Up-up-up!
Turn it
Up-up-up!
Turn it
Up-up-up!
Turn it
Up-up-up!
Turn it
Up-up-up!
Turn it
Up-up-up!
