"So Good"

It will be better in the morning

They said the sun might shine

I'll have you close, you'll have the deeps of mine

It will be better, much better

Suppose it would rain

How I would smile

It would be pretty easy, keep you lying for a while

It will be better, much better

It'll be so good

It fact we don't have to do anything

Whatever goes wrong

We've still got everything

It can't be better, can't be better

It's so good, it's so good

And better, and better
