"Break a Leg"

I used to wanna feel your summer sweat
Seeping right into my eyes
I used to wanna feel your body quake when
I sank my teeth into your thighs

Where did you come from
Where have you been
I don't know that much about you
But I don't think that I would like to anymore

The curtain's rising just like the ante
Here we go now, break a leg
No, I literally mean it.
But this time around, I'm sick of you leading me on
I'm sick of you stringing me along
I do hereby swear a bounty on your heart
I hereby swear

Every poison kiss that you blew
I deflected with an icy cold stare that I burn for you
Ooh, what's a boy to do?

Where did you come from
Where have you been
I don't know that much about you
But I don't think that I would like to anymore

The curtain's rising just like the ante
Here we go now, break a leg
No, I literally mean it.
But this time around, I'm sick of you leading me on
I'm sick of you stringing me along
I do hereby swear a bounty on your heart
I hereby swear

Oh my God,
Not even Hell could be hotter than you right now
Not even Hell Could be hotter than you right now
Oh, not even Hell could be hotter than you right now
Oh, not even Hell could be hotter than you right now
Oh, not even Hell.
