There's pixies tuggin at your hair....
There's pixies tuggin at your hair....
Your hair....

Your picture in my hand,
I am at the mercy of your photograph.
The halo above your head,
Has set ablaze the heavens my angel.
It's 3 A.M. and I am sneaking out your back door.
A goodnight kiss and I am stumbling to my car.

And I never thought I'd feel this safe again,
In a million years.
I'm lying next to you, and hoping that it's true.
And with you I'm truly in my element, my element with
you.
And with you I'm truly in my element, my element with
you.

And I'm tossing and turning, the candlelight's burning.
And this is all we need, and this is all we need.
And I'm tossing and turning the candlelight's burning.
This is all we need, this is all we need tonight, yeah
yeah.
Tonight, yeah yeah.

And I can almost taste the water as it's running down
my chin.
And I can almost taste the water as it's running down
my chin.
