I've been watching while you sleep, baby.  
Hoping I'm the only one,  
That frequents your dreams. (Dreams.)

I can't take another breath without feeling,  
The regrets of my jealousy.  
Horrorified that you might have really lied.  
Tell me is it a possibility.  
Overwhelming proof that you're nothing but a fake.

I've seen those hush hush looks you give,  
When you're talking to him.  
I've heard your undercover tone of voice.  
The one you use for all the boys.  
I've been nonchalant about the calls at 2 a.m.,  
But do you really think that I would believe it was just  
your mother again?

I can't take another breath without feeling,  
The regrets of my jealousy.  
Horrorified that you might have really lied.  
Tell me is it a possibility.  
Overwhelming proof that you're nothing but a fake.

I've seen those hush hush looks you give,  
When you're talking to him.  
I've heard your undercover tone of voice.  
The one you use for all the boys.

I've witnessed all your sneaking around,  
In every corner of town.  
I've listened while you've pretended to cry,  
Defending your hush hush alibi.

Your heart is charcoal smoking black.  
Why don't you just tie the mattress to your back?

I've seen those hush hush looks you give. (Hush hush.)  
I've seen those hush hush looks you give when you're  
talking to him.  
I've heard your undercover tone of voice, the one you

use for all the boys.

I've seen those hush hush looks you give. (Hush hush.)

(For all the boys.)

I've seen those hush hush looks you give. (Hush hush.)
