I don't believe in anything,
That she has been saying about me.
Yeah, we don't believe in anything,
That these critics, they're writing in their magazines.

The world is spinning way too fast.
The entire human race, float into space.
So fill your shoes with cement,
And kiss the one you love,
With reckless abandonment.

I'm not concerned with pleasing,
All those little pricks and all their little scenes.
Yeah, but I do believe in those who try,
To do the best with what they have,
Before they die.

The world is spinning way too fast.
The entire human race, float into space.
So fill your shoes with cement,
And kiss the one you love,
With reckless abandonment.

We are earthquakes.
We are tidal waves.
We're destruction at it's finest.
Yeah, we are lava in the caves.

We feed on the irony.
We drink hypocrisy.
We are everything we hate,
But we have everything we need.

We are earthquakes.
We are tidal waves.
We're destruction at it's finest.
Yeah, we are lava in the caves.

We feed on the irony.
We drink hypocrisy.
We are everything we hate and need.

The world is spinning way too fast.
The entire human race, float into space.
So fill your shoes with cement,
And kiss the one you love,
With reckless abandonment.

The world is spinning way too fast.
The entire human race, float into space.
So fill your shoes with cement,
And kiss the one you love,
With reckless abandonment.
