I see a sense of wonder deep inside your eyes
As we're sparkling and twirling in the twilight
And after three long years, I think that we both need
this
So we seal the deal in the parking lot with a kiss

And in case you
And in case you were wondering, you are like a sunset
to me
You're all kinds of beautiful as you end my day
and you sweetly retire as stars chase you away

I'd collapse to the grass, with your notes ringing in my
head
Let the rain fill my mouth, and in a couple hours I'll be
dead
But all the while my lips are whistling our tune
But the beauty lies in how you will revive me soon

And in case you, and in case you
And in case you were wondering, you are like a sunset
to me
You're all kinds of beautiful as you end my day
and you sweetly retire as the stars chase you away

And in case you were wondering, you are like a sunset
to me
You're all kinds of beautiful as you end my day
and you sweetly retire as the stars chase you away

And in case you were wondering, you are like a
hurricane to me
Your violence is beautiful, and your center sweet
Now tell me this, do you know how we'd meet?

And in case you were wondering, you are everything to
me (to me)
