I want you to fill in your crew,
if they don't know who I am.
I just don't give a damn
I happen to like my lonely life
I've got nothing to prove
From the haze of the blaze
that made a waste of my twitch
now who's the little bitch
I'd love to see you run with this twisted soul

I just can't believe we breathe the same air
Your greedy, glutton paws caused a nightmare
Simply put you don't deserve a single thing you own
I won't quit until I snap right through the bone

I can't stand your pretentious band
Tell me how do you sleep?
Come on, enlighten me
You quit saying you're the definition of a real musician

I just can't believe we breathe the same air
Your greedy, glutton paws caused a nightmare
Simply put you don't deserve a single thing you own
I won't quit until I snap right through the bone

Let me hear you beg
Or I'll take the other leg
Then you'll really be hoppin' to those bars
I'm leavin' scars
Are you gonna cry? I thought you were a tough guy.
Turns out you're nothing but weak like those you mock
Is it any shock?

I just can't believe we breathe the same air
Your greedy, glutton paws caused a nightmare
Simply put you don't deserve a single thing you own
I won't quit until I snap right through the bone

I just can't believe we breathe the same air
Your greedy, glutton paws caused a nightmare
Simply put you don't deserve a single thing you own

I won't quit until I snap right through the bone
