There's a special place inside my skull,  
Where your DNA it coats my cerebrum,  
In full oral stuttering and drooling.  
My shredded throat will try to sing for you.

What do you say?  
Would you marry me today?  
The moon will gush all inside out,  
And my nightmares will go away.  
What do you say?  
Would you devote yourself today?  
Like riding out a sinking ship,  
As it lowers into the bay.  
Please stay.

The blood collects and flushes out your cheek bones.  
I've got this secret garden,  
Oh, and you are the only one who knows.  
I'm stuttering and drooling.  
My shredded throat will try to sing for you.  
Woah.

What do you say?  
Would you marry me today?  
The moon will gush all inside out,  
And my nightmares will go away.  
What do you say?  
Would you devote yourself today?  
Like riding out a sinking ship,  
As it lowers into the bay.  
Please.

I'm cutting ties with all the jealous zombies.  
I need to feel your warm body on me.  
I'm cutting ties with all the jealous zombies.  
I need to feel your warm body on me.

When the sun goes down and the shadows, they grow.  
When the sun goes down and the shadows grow.  
When the sun goes down and the shadows, they grow.  
When the sun goes down and the shadows grow,

Just trust in us and forever know.

Please keep holding onto me.

Please keep holding onto me.

Please keep holding onto me.

Yeah, yeah.

Pleasee keep holding onto me.
