It's okay if you're all right  
It's good to be here with you tonight  
Dressed in moonlight and faded jeans  
It ain't no mystery, all it means is  
I can't believe I'll be with you tonight  
I can't believe I'll be with you tonight

We'll be all right if it's ok  
I know I'm crazy but I'm naturally that way  
And by the look in your liquid eyes  
It won't come as any big surprise but  
I can't believe I'll be with you tonight  
I can't believe I'll be with you tonight

Everybody's in their own little world  
And I've been dreaming about you girl  
I can't believe I'll be with you tonight

I'm here with you, you're here with me  
Ain't it wonderful just how good it can be  
I don't imagine it gets much better than this  
But whatever it was it just got crossed off my list  
I can't believe I'll be with you tonight  
Can't believe I'll be with you tonight

Everybody's in their own little world  
And I've been dreaming about you girl  
I can't believe I'll be with you tonight
