words and music by Arlo Guthrie

It's okay if you're all right
It's good to be here with you tonight
Dressed in moonlight and faded jeans
It ain't no mystery, all it means is
I can't believe I'll be with you tonight
I can't believe I'll be with you tonight

We'll be all right if it's ok
I know I'm crazy but I'm naturally that way
And by the look in your liquid eyes
It won't come as any big surprise but
I can't believe I'll be with you tonight
I can't believe I'll be with you tonight

Everybody's in their own little world

And I've been dreaming about you girl
I can't believe I'll be with you tonight

I'm here with you, you're here with me
Ain't it wonderful just how good it can be
I don't imagine it gets much better than this
But whatever it was it just got crossed off my list
I can't believe I'll be with you tonight
Can't believe I'll be with you tonight

Everybody's in their own little world
And I've been dreaming about you girl
I can't believe I'll be with you tonight
