I'm Driving Home
The first Time I'm feeling alone
Since I let you go
I don't know what I'm gonna do

But my life is starting again
My life is starting again

Six months of pain
Six months of only rain
Now that
My clouds are breaking I
Know that I'll be ok, I'm ok

Cause my life is starting again.
My life is starting all over again
And my heart is starting to mend
My life is starting again

You changed
Into someone that I didn't know
And it broke my heart
To let you go
But I let you go

And now my life is starting again
My life is starting all over again
And my heart is starting to mend
My life is starting
My life is starting again

And it is such a shame to me
That this is what we came to be
But now that I'm alone again
I'm more me than I ever have been

And my life is starting again
My life is starting all over again
And my heart is starting to mend
My life is starting
My life is starting again
