

Spleen, The

"All is done"

All is done
There's nothing else to say
Passion is gone
The shades have turned to grey
Any break to chase the sunlight
It's not a dream it's a man walking the night

It's hard to hide
Nobody by your side
Now your reality is free
From memories of sincerity

No easy way to see

I will try
To find a reason to persist
Don't blame if I'm unable to resist
I was confident you could cure everything
With your innocence, your real and pure feelings

It's hard to hide
Nobody by your side
Now your reality is free
From memories of sincerity

No easy way to see

Not a question of broken persistence
Not a matter of shattered existence
All is based on your capacity
To forget what is said, and why you pray and flee

It's hard to hide
Nobody by your side
Now your reality is free
From memories of sincerity

No easy way to see

Just want to live my life
To follow my dreams

I don't want my destiny troubled with strife
Don't want you to scream
Nothing's like it seems, girl

It's best you know, it's better that you go
