We used the silence of the monks
Abused the combat for too long
Is the flame too hot for you
If you want the glow to become true

Tell me did you notice?
My life slipping away in your fist
I don't want you to leave
I want to believe you won'tâ€¦!

Go please don't Go please don't Go
Tell me you won't Go Please don't Go please don't Go
Tell me you won't Go Please don't Go please don't Go
Tell me you won't Go Please don't Go please don't Go
Tell me you won't Go

Yesterday was full of sense
There was no need to fear the fence
Just between fiction and fact
Just between passion and pact

Tell me did you notice
My life slipping away in your fist
I don't want you to leave
I want to believe you won'tâ€¦!

Go please don't Go please don't Go
Tell me you won't Go please don't Go please don't Go
Tell me you won't Go please don't Go please don't Go

Tell me you won't Go please don't Go please don't Go
Tell me you won't go !

I want to rewind the time when it was easier to find
A dream of me in you, a dream of you in me
Oh Come on, Oh Come on, Oh come on Come back
Come back now

It's our time I want to live, It's my soul I want to give
It's our time I want to live, Can't you learn how to
forgive
