I here you crying, when somethings going wrong  
A kiss of distance between our hearts  
We left them all to changes their minds  
One day we crawl, some day we'll ride  
Like those who's dying, come creep along  
We'll so high, we never come down  
We'll so high, we never come down

Nineteen-Ninety-Nine, fear and evolution  
Our reality  
Nineteen-Ninety-Nine, forever in your mind  
----- time  
Nineteen-Ninety-Nine, fear and evolution  
Our reality  
Nineteen-Ninety-Nine, forever in your mind  
----- time

We always trying, to make our world go round  
But for suppressens we turn to dust  
We'll so high, we never come down  
We'll so high, we never come down

Nineteen-Ninety-Nine, fear and evolution  
Our reality  
Nineteen-Ninety-Nine forever in your mind  
----- time  
Nineteen-Ninety-Nine fear and evolution  
Our reality  
Nineteen-Ninety-Nine forever in your mind  
----- time
