-Verse 1-

Ten thousand years since I was born - A bloody corpse
feels like home

All I have to waste is life - I do not age, my hunger
never subsides

A fiend, you scream, when you seem near - Nothing
else can I do, but use your fear

Your pulse it beats like a drum you see - Violence
unwillingly satisfies me

-Chorus-

The womb of creation - A land of hell

So strong in me (So strong in me) - The blood lands
swell

It calls to me (It calls to me) - On tattered wings of red
Ravenloft to you An oath I pledge

-Verse 2-

There are many wraithen blood knights - Taking up the
war

In the land of many gods

There was never a darkness this close before

Blood sports bore me - I wish to have real killingâ€¦

-Solo-

-Chorus-

-Bridge-

A sniff on the wind - Someone not of my line, drifting
through my lands

If you be not one of my minions, I think then you be
food

I sit in my castle and I prey on the living, breathing
cattle

On top of the food chain - E.V.I.L. is my name

Lord Dracul - I am your principal retainer

A darkest unliving thing - A mass grave your demeanor

What could ever save me - I want to end it now

Bring the walls of evil bloodlust crashing to the ground

-Solo-

-Verse 3-

Pholtus I hate you, but love you still
You weren't there to save me, but I need for you to kill
This thing in me that I've become
Bring your shining light down and make me one with
the sun

-Chorus-
