-Verse 1-

Riding on my horse
Don't know where I'm going
At least I know I'm free

Riding on my horse
Don't know what I'm doing
At least I can be free

Don't know where I'm headed
Only where I've been
Fighting to be free

-Chorus-

Riding on my Horse

-Verse 2-

'Cross the countryside
God, I can't wait to ride
Bastardsword at my side

My fate is in my hands
My only friends are the open land,
My horse and battle. I have no home

-Chorus-

Riding on my Horse

-Bridge-

-Verse 3-

I am blessed by clear skies
The wind blows through my hair
I'll ride into the night

Riding on my horse
Don't know where I'm going
At least I know I'm free X3
