-Verse 1-

The elves of darkness / Wage war upon the land / Into  
your lives  
A blackened dagger / Roars out of the darkness /  
Pierces your heart with much contempt  
The elven knights / Shunned by those of lawful lands /  
They find no rest or peace  
And Pholtus' light / Drives away the darkness / But  
thusly blinds them so

-Chorus-

The Elves of Night! The elves of might...

-Verse 2-

A lone assassin / Creeps into where you dwell / Who will  
save you?  
The Elves of Night!  
He lifts his blade / There is a sound he does not hear /  
A silhouette appears behind him  
He hears no sound / For silence have they cast / A body  
slumps to the floor

NEVERMORE! NEVERMORE!

-Chorus-

The Elves of Night! The elves of might...  
The Elves of Night! The elves of might...

-Verse 3-

Silently they leave your home /Lo! You will be left alone  
When your ingratitude they can no longer stand  
These elven warriors / Seen only in the blink of an eye  
Eternally watchful of evil! Evil! Evil in the land

-Chorus-

The Elves of Night! The elves of might...  
The Elves of Night! The elves of might...

-Chorus-

The Elves of Night!
